

THREE CARD POKER

3 WAYS TO PLAY! 4 WAYS TO WIN!

Three Card Poker[®] is an exciting stud poker game. You may bet against the dealer, bet on the value of your own three-card hand, or bet both. Bonus payouts may be had for certain hands when wagering against the dealer. Three Card Poker also features the optional Pair PlusSM side bet.

PAIR PLUSSM

The Pair Plus side bet wins if your three card poker hand contains a pair or better. See paytable for odds.

ANTE

Ante lets you play against the dealer's hand. It's just your cards against the dealer's. If you bet on the ante and like your hand, you must place an equal wager on the play spot. It's your poker hand against the dealer's poker hand, and the best hand wins!

TO PLAY

It's you and your cards for a pair or better, and it's you against the dealer for the best poker hand. You must also make the play wager or you will forfeit the ante wager.

ANTE BONUS

If you make the ante and play wagers, you may win a bonus payout even if the dealer doesn't qualify, and even if the dealer's hand beats your hand.
