### **MEDIA ALERT – EVENT DATE CHANGE**

TRAVERSE CITY, MI (January 10, 2023) - Due to unseasonably warm temperatures, the Midwest International Race Association (MIRA) has rescheduled the upcoming Turtle Creek Casino 250 race weekend to February 25 & 26, 2023.

The MIRA Board of Directors have determined that consistently colder weather will be needed to ensure the professional track builders can create the ideal track needed for high speed sprint and enduro racing. MIRA Vice President Charlie Wiltse states, "We want to not only meet, but exceed all expectations for our racers and fans right out of the gate with the Turtle Creek Casino 250, and while we are disappointed in the current weather, we look forward to reloading and re-engaging for a successful event over the weekend of February 25th & 26th."
